SECTION 1

Common Carrier Tariffs

Amendment to Rule 3, Page 3, of Tariff Circular MF No. 1

Amend paragraph (d) of rule 3 to read as follows:

(d) When a tariff names rates by classes, a classification of articles must be published in the tariff or in a separate tariff. When a classification is published in a separate tariff, reference must be made thereto on the title page of the rate tariff as follows:

Governed, except as otherwise provided herein, by the [here name] classification [show issuing agent] MF-I. C. C. No. — (or I. C. C. No. —) supplements to or successive issues thereof.

All carriers shown as originating carriers in a rate tariff which is governed by a separate classification must be named as participating carriers in such separate classification.

Add the following paragraph to rule 3:

(f) Carriers or their agents may not publish class or commodity rates which duplicate or conflict with rates published by or for account of such carriers.

SECTION 3

Miscellaneous Rules and Forms

[Rule 9 cancels rule 9, pages 5 and 6 of Tariff Circular MF No. 1]

Rule 9. Applications for Special Permission

(a) The Motor Carrier Act, 1935, authorizes the Commission in its discretion and for good cause shown to permit changes in rates on less than statutory notice, and also to permit departure from the Commission's regulations. The Commission will exercise this authority only in cases where actual emergency and real merit are shown. Desire to meet the rates of a competing carrier that has given statutory notice of change in rates will not of itself be regarded as good cause for permitting changes in rates or other provisions on less than statutory notice. Clerical or typographical errors in tariffs constitute good cause for the exercise of this authority, but every application based thereon must plainly specify the error together with a full statement of the attending circumstances and must be presented with reasonable promptness after issuance of the defective tariff, supplement, or revised page.

(b) When a formal order of the Commission requires publication on a stated number of days' notice, a request addressed to the Bureau of Motor Carriers for authority to file on less notice will not be granted. In any such instance a petition for modification of the order should be filed on the formal docket.

(c) Applications for permission to establish rates, rules, or other provisions on less than statutory notice, or for waiver of the provisions of this Tariff Circular, must be made by the carrier or agent that holds authority to file the proposed publication. If the application requests permission to make changes in joint tariffs, it must state that it is filed for and on behalf of all carriers parties to the proposed change.

(d) Two copies of applications (including amendments thereto and exhibits made a part thereof) shall be addressed to the Interstate Commerce Commission, Bureau of Motor Carriers, Washington, D. C. An additional exact copy shall be addressed to the office of the District Director, Bureau of Motor Carriers, Interstate Commerce Commission, of the district in which the main office of the applicant carrier or publishing agent is located. The application shall indicate that an exact copy including exhibits has been furnished the district office.

Applications shall be made on paper 8 by 10½ inches, shall be in substantially the form shown hereinbelow, and shall give all the information required by this rule together with any other pertinent facts. They shall be numbered consecutively and must bear the signature of the carrier or its agent or officer, specifying title.

(6) The application shall state the special circumstances or unusual conditions which are relied upon as justifying the requested permission together with any related facts or circumstances which may aid the Commission in determining whether the requested permission is justified. If permission to establish provisions on less than statutory notice is sought, the petitioner shall state why the proposed provisions could not have been established upon 30 days' notice.

(f) If the authority granted by special permission is used, it must be used in its entirety and in the manner set forth in the order of special permission. If it is not desired to use

Sec. 7. No document required under section 5 (a) to be published in the Federal Register shall be valid as against any person who has not had actual knowledge thereof until the duplicate originals or certified copies of the document shall have been filed with the Division and a copy made available for public inspection as provided in section 2; and, unless otherwise specifically provided by statute, such filing of any document, required or authorized to be published under section 5, shall, except in cases where notice by publication is insufficient in law, be sufficient to give notice of the contents of such document to any person subject thereto or affected thereby. The publication in the Federal Register of any document shall create a rebuttable presumption (a) that it was duly issued, prescribed, or promulgated; (b) that it was duly filed with the Division and made available for public inspection at the day and hour stated in the printed notation; (c) that the copy contained in the Federal Register is a true copy of the original; and, (d) that all requirements of this Act and the regulations prescribed hereunder relative to such document have been complied with. The contents of the Federal Register shall be judicially noticed and, without prejudice to any other mode of citation, may be cited by volume and page number.

Sec. 8. Whenever notice of hearing or of opportunity to be heard is required or authorized to be given by or under an Act of the Congress, or may otherwise properly be given, the notice shall be deemed to have been duly given to all persons residing within the continental United States (not including Alaska), except in cases where notice by publication is insufficient in law, if said notice shall be published in the Federal Register at such time that the period between the publication and the date fixed in such notice for the hearing or for the termination of the opportunity to be heard shall be (a) not less than the time specifically prescribed for the publication of the notice by the appropriate Act of the Congress; or (b) not less than fifteen days when no time for publication is specifically prescribed by the Act, without prejudice, however, to the effectiveness of any notice of less than fifteen days where such shorter period is reasonable.

Sec. 9. Every payment made for the Federal Register shall be covered into the Treasury as a miscellaneous receipt. The cost of printing, reprinting, wrapping, binding, and distributing the Federal Register and any other expenses incurred by the Government Printing Office in carrying out the duties placed upon it by this Act shall be borne by the appropriations to the Government Printing Office and such appropriations are hereby made available, and are authorized to be increased by such additional sums as are neces-

sary for such purposes, such increases to be based upon estimates submitted by the Public Printer. The purposes for which appropriations are available and are authorized to be made under section 10 of the Act entitled "An Act to establish a National Archives of the United States Government, and for other purposes" (48 Stat. 1122) are enlarged to cover the additional duties placed upon the National Archives Establishment by the provisions of this Act. Copies of the Federal Register mailed by the Government shall be entitled to the free use of the United States mails in the same manner as the official mail of the executive departments of the Government. The cost of mailing the Federal Register to officers and employees of Federal agencies in foreign countries shall be borne by the respective agencies.

Sec. 10. The provisions of section 2 shall become effective sixty days after the date of approval of this Act and the publication of the Federal Register shall begin within three business days thereafter: *Provided*, That the appropriations involved have been increased as required by section 9 of this Act. The limitations upon the effectiveness of documents required, under section 5 (a), to be published in the Federal Register shall not be operative as to any document issued, prescribed, or promulgated prior to the date when such document is first required by this or subsequent Act of the Congress or by Executive order to be published in the Federal Register.

Sec. 11. Within six months after the approval of this Act each agency shall prepare and file with the committee a complete compilation of all documents which have been issued or promulgated prior to the date documents are required or authorized by this Act to be published in the Federal Register and which are still in force and effect and relied upon by the agency as authority for, or invoked or used by it in the discharge of, any of its functions or activities. The committee shall within sixty days thereafter report with respect thereto to the President, who shall determine which of such documents have general applicability and legal effect, and shall authorize the publication thereof in a special or supplemental edition or issue of the Federal Register. Such special or supplemental editions or issues shall be distributed in the same manner as regular editions or issues, and shall be included in the bound volumes of the Federal Register as supplements thereto.

Sec. 12. Nothing in this Act shall be construed to apply to treaties, conventions, protocols, and other international agreements, or proclamations thereof by the President.

Sec. 13. All Acts or parts of Acts in conflict with this Act are hereby repealed insofar as they conflict herewith.

Sec. 14. This Act may be cited as the "Federal Register Act."
